What is a cookie?

A cookie is a small file which asks permission to be placed onto your computer's hard drive. Once you agree, the file is added and the cookie helps examine web traffic or lets you know when you visit a particular site.

Essentially, cookies allow web applications to respond to you as an individual. The web application can tailor its operations to your needs, likes and dislikes by gathering and remembering information about your preferences.

Overall, cookies help us provide you with a better website, by enabling us to monitor which pages you find useful and which you do not. A cookie does NOT give us access to your computer or any information about you, other than the data you choose to share with us.

You can choose to accept or decline cookies. Although most web browsers automatically accept cookies, you can usually modify your browser setting to decline cookies to your preference. However, this may prevent you from taking full advantage of our website.

We use cookies on our website and we assume you are ok with this otherwise please disable cookies in your browser or navigate away and clear cookies set by the website.

Cookies on this website are used for:

Analytical/performance purposes - this allows us to recognise and calculate the number of visitors and to see how visitors navigate around the website when they are using it. Therefore helping us improve the way our website functionality for example, by ensuring that users can find what they are looking for easily.

Google Analytics stores information about what pages you visit, how long you are on the site, how you got here and what you click on. We do not allow Google to use or share our analytics data.

Google Analytics sets the following first-party cookies:
